Experience

Software Engineer Intern

Bright Path Robotics -- Austin, TX

Jun 2025 - Aug 2025

Wrote 30+ pytest integration tests covering the motion-planning service.

Reduced CI pipeline runtime from 18 minutes to 7 minutes by parallelizing test stages.

Projects

DeskBuddy

Python, SQLite, Flask

Built a Flask app that tracks desk-booking reservations for a shared office.

Wrote a SQLite schema with 4 tables and 20 unit tests using pytest.
